

Faculty and Staff Update

Sheri Harris

We'd like to welcome Sheri Harris to the Lower School. Sheri will take over the LS computer lab and begin teaching classes in the fall. She has recently been working at the Crow Island School in Winnetka, IL with K-4 students in the Resource Technology Center. Sheri has a Masters in Library and Instructional Media and endorsements in media, library information, and educational technology. She is excited to be relocating to SLC and we're thrilled to have her joining our faculty.

Abigail Bacon

Abby Bacon is joining the Lower School as the new part-time Spanish teacher for grades 1 and 2. Abby is a graduate of Miami University with a Master's degree in Spanish Literature and Linguistics. She has most recently taught at the Lake Tahoe School where she worked with students in K-8th grades. Abby has extensive experience working with youth in camp settings and enjoys tennis, sailing, singing, and music. She is excited to relocate to SLC and we're thrilled to have her join the faculty.

Chad Obermark

Chad Obermark, the former computer teacher, is now teaching fifth grade. He looks forward to working with the fifth grade team and has worked with the team over the summer on a Bamberger curriculum grant. He is excited about working with students in a slightly different capacity and still seeing all the students he has taught over the last few years.

Michelle Wolchok

Michelle Wolchok is teaching full-time this year after having worked part-time job sharing with two different second grade teachers. She looks forward to changing grade levels, working with fourth grade students and diving into, Utah Studies, the fourth grade curriculum. She also is excited to teach some students she had previously.
