Important note about Health Forms:

1. If you have not already received a second MMR, the State Health Department requires all incoming Middle School students to have a second MMR (measles, mumps, rubella) immunization prior to fall registration. You can obtain this immunization at the Health Department or through your own physician. In the fall, please bring in your proof of immunization and we will add or transfer the information to our records.

2. All students entering the seventh grade are also required to have the following immunizations:

- 3 Hepatitis B
- 1 Tetanus/Diphtheria (Td) booster
- 1 Varicella (chickenpox) or signed verification from a parent of previous history of chickenpox

**Please see the enclosed Immunization Requirements flyer for more information

3. All returning seventh and eighth grade students must complete Form B. All seventh and eighth grade students who are new to RHSM this year must have a physical examination and fill out UHSAA examination and consent Form A (Participant & Parental Disclosure and Consent Document). Seventh grade students do not need to complete Form A if they already have one on file in the Athletic Department.

If you have questions, please call the Middle School office at 801-355-0272.
